We inform you that, due to a malfunction that seriously affected the INPI's IT infrastructure, we are unable to proceed with the normal publication of the Industrial Property Bulletin.

Although we are making every effort to resolve the problem as soon as possible, it is not yet possible for us to determine when the conditions will once again be met to resume the aforementioned publication with the usual regularity.

We apologize for any embarrassment caused by this situation and express the full availability of our Customer Service to provide information and seek to clarify any doubts.
